CHAPTER 2

GENERAL INFORMATION

Purpose of The College

Throughout its more than forty years of existence, East Central Junior College has been closely identified with the basic educational needs of the five counties comprising its district. Through curricular and extra curricular activities, the governing board, administration and faculty conceive the purpose to be to provide opportunities for mental development, physical and spiritual growth, economic independence, and to encourage cultural understanding, aesthetic appreciation, effective speech, and logical thinking.

East Central Junior College is dedicated to developing the abilities and meeting the needs of both youth and adults in the district which it was established to serve. In order, therefore, to achieve these educational objectives, the college seeks to provide curricula which include areas of guidance, general education, senior college or university parallel training, vocational and technical education, continuing education, and community services. The college seeks further to provide guidance and leadership for educational experiences on the campus, in the student center, in assemblies, in social events, and in other situations of daily living in which the student is involved.

HISTORY OF THE COLLEGE

In 1928 the Legislature of the State of Mississippi adopted the first basic laws for the organization and operation of the Mississippi public junior college. East Central Junior College opened its doors to a freshman class of twenty students for the first regular session in September of 1928. The college occupied buildings that were a part of the Newton County Agricultural High School, which had been organized in 1914. The Agricultural High School was located on property belonging to the Decatur Municipal School District, which had been created in 1912. The upper high school grades which comprised the Newton County Agricultural High School were a part of the college until 1958 when they joined the Decatur Attendance Center.

In March of 1939, East Central Junior College became a member of The Southern Association of Colleges and Secondary Schools. It now holds membership in The American Association of Junior Colleges, The Southern Association of Colleges and Schools, The Mississippi College Association, and The Mississippi Junior College Association.

In the beginning there was only one curriculum—Liberal Arts. A look at the program of studies will show that the college now offers twenty-seven programs of study, including vocational education, a one-year intensified business curriculum, and technical programs. These expanded course offerings are a far cry from the original Liberal Arts curriculum composed of English, history, Spanish, chemistry, and mathematics.

More than thirty different major buildings worth approximately \$4,000,000 have been added to the original three buildings. The latest additions include an air-conditioned library, women's dormitory, dining hall, and buildings designed specifically for science, vocational technical courses, agriculture education, fine arts and physical education.

Originally this institution was supported by three counties—Newton, Neshoba and Scott. Later these were joined by Leake and Winston. To supplement the original plant, Newton County provided \$90,000 in 1930. In 1933-37 \$110,000 was spent on the plant of which Newton County provided \$44,000. Over three million dollars provided by the State and five supporting counties has been spent on the plant since 1946-47.

From the two members of the original faculty of East Central Junior College—Mrs. W. W. Newsome and Mr. Robert Marshall—the number of faculty members has increased to a present total of fifty-three. Since its founding five presidents have served the institution.

SCHOOL PLANT AND EQUIPMENT

Through the cooperative efforts of the district and the state legislature, the school has experienced a phenomenal growth in buildings and facilities during the past several years. The school plant consists of approximately 200 acres with buildings and facilities now valued at over four million dollars. There are seventeen main brick buildings, two frame apartment buildings, and twelve residences.

In addition to facilities sufficient to sustain the general educational program, laboratories are provided for art, engineering drawing, audio visual education, applied music, dramatics, reading, languages, athletic and recreational activities, health, and vocational education.

BUILDINGS AND GROUNDS

REEF AUDITORIUM

This is a modern structure with a seating capacity of one thousand. The building has excellent acoustics, modern equipment, and is conveniently located. The stage holds its graduation, assemblies, and dramatic productions here. The air-conditioned administrative offices are located on the ground floor.

REED LIBRARY

This is a reading and research center designed to accommodate an enrollment of one thousand students. This library contains a main reading room, a periodicals section, and a reference room equipped with microfilm readers. The main reading room has a seating capacity at tables and individual carrels of one hundred and fifty.

SULLIVAN CENTER

This is the college student center building and houses the grill, bookstore, and college offices. The second floor contains the offices of instructors, the Wesley Foun-

dition, and an assembly room. This air-conditioned building was completely remodeled in 1963.

MABRY DINING HALL

It is air-conditioned and modern in every respect. This building was remodeled in 1965 and now has a seating capacity of three hundred, plus the Gordon Room, a separate dining room which seats fifty.

THE GYMNASIUM

It contains facilities for the teaching of physical education and varsity basketball including dressing rooms for young men, and young ladies and quarters for visiting athletic teams. The gymnasium will seat from fifteen hundred to two thousand.

HOME ECONOMICS BUILDING

A campus landmark, has in the past housed many departments and at present contains the Home Economics Department and the College Dispensary including an office for the college nurse.

THE CLASSROOM BUILDING

It contains fifteen classrooms and ten faculty offices. It also houses the reading laboratory.

CROSS HALL

It is a modern air-conditioned science building. The classrooms and laboratories for the biological, chemical and physical sciences as well as facilities for television instruction are located here.

NEWTON HALL

This brick building was constructed in 1947 and contains a small auditorium which is used as an audio-visual center. It also houses the offices for the college publications, The Tom-Tom and Wo-He-Lo.

NEWSOME HALL

It was completed in 1957 and is the sophomore girls' dormitory. It is equipped with modern furniture and appliances and accommodates fifty to sixty women and the Dean of Women who has an apartment and an office in the building.

JACKSON HALL

It is the freshman girls' dormitory. This building, which was remodeled in 1965, houses one hundred and twenty-five women and contains the office and apartment of the assistant Dean of Women.

NESHOBA COUNTY HALL

This is a new two-story air conditioned dormitory for men. This building was constructed in 1971 and is modern in every way. It consists of thirty one rooms and houses sixty two students. This building replaces old Neshoba Hall.

SCOTT COUNTY HALL

This is a new two-story air-conditioned dormitory for men. This building was constructed in 1972 and is modern in every way. It consists of thirty one rooms and houses sixty two students. This building replaces old Scott Hall.

THIRD HALL

This is a dormitory for men. It was completed in 1957 and is a modern well-equipped building arranged in suites rather than having the conventional halls found in most men's dormitories. Seventy-two men are housed here.

WERTON COUNTY HALL

This is the largest dormitory for men on the campus and has adequate room space for eighty four men and a faculty member who occupies an apartment in the building.

THE AGRICULTURAL TECHNOLOGY BUILDING

It was completed in 1969 and is located north of the vocational-technical building adjacent to the college farm. This building, constructed at a cost of \$15,000, includes classrooms and laboratories for soils, dairying, and farm mechanics.

THE VOCATIONAL-TECHNICAL BUILDING

It contains over 50,000 square feet of floor space and was built at a cost of \$680,000. It was opened in 1969 and houses business education, drafting technology, and programs in machine shop, radio and television, welding, air-conditioning and refrigeration, electricity, automotive mechanics and body and fender repair.

THE FINE ARTS BUILDING

This was completed in 1969, contains a 200-seat auditorium, a choral room, a band room, a music library and listening room, classrooms for the teaching of music and art, and art studios.

OTHER BUILDINGS

THE PRESIDENT'S HOME

It is located on the main street of the Town of Decatur at the Southeast corner of the campus. This spacious modern home was constructed in 1961.

LEAKE HALL

It was originally constructed for married students. Today it is occupied by faculty and married students alike. It is a two-story building containing sixteen apartments.

WOMEN'S APARTMENTS

There are two buildings constructed in 1946 for married students. These two-story buildings have eight apartments each.

TELEVISION HOUSES

There are located at various sites on the college property. There are eleven of these houses including one duplex.

ATHLETIC FIELDS**THE FOOTBALL STADIUM**

It was re-located in 1967 and is now equipped with the most modern high intensity lighting and an enlarged seating capacity.

WINSTON COUNTY ATHLETIC FIELD

It is located North of Newsome Hall. This playing field contains an area for intramural sports and is the location of the college tennis courts.

THE BASEBALL FIELD

It is situated near the new football stadium, is well located, being adjacent to ample parking facilities and the physical education building.

PHYSICAL EDUCATION

This modern building was constructed in 1970 and is located near the football stadium. It contains facilities for the teaching of Health and Physical Education and Varsity Basketball. This building includes offices for the Physical Education personnel and coaches and dressing rooms for young men and young ladies.

MORAL AND RELIGIOUS INFLUENCE

East Central Junior College intends to develop Christian character. Its faculty is selected with that purpose in mind. Its administration and regulation purpose is that every agency of the institution — teaching, play, and social activities — aid in this purpose.

There are in Decatur two churches, Baptist and Methodist, both very near the campus. These churches are well organized to serve the religious development of students. Catholic, Presbyterian, Episcopal, Christian, Methodist Protestant and Church of Christ churches at Newton and Union, each only ten miles from Decatur, serve students of those faiths.

Under the auspices of these student Christian organizations, the students have an opportunity to cultivate definite moral and religious standards. During the year, outstanding religious speakers are brought to the college.

STUDENT ORGANIZATIONS AND ACTIVITIES

Student organizations are considered an essential part of the work of the institution, and every student is urged to participate in some extra-curricular activities. Such activities are distinctly educative and provide an opportunity for social participation.

Student Body Association

Honor Society — Phi Theta Kappa

Publications — TOM-TOM (Newspaper), WO-HE-LO (Annual)

Religious Organizations — Baptist Student Union, Wesley Foundation, Westminster Fellowship, Newman Club and Church of God organization.

Special Interest Organizations — Athletics, Band, Choir, Intramural Sports, F.F.C. Players, Delta Psi Omega, Chess and French Club.

Particular Clubs — Agriculture Club, Engineering Club, Future Business Leaders of America, Student Education Association, Home Economics Club, Medical Service Club, Music Club and Vica.

For detailed information about each organization listed above see the Student Handbook.

The above dates are for convenience only.

Cosmetology students see "K" under General Information.

GENERAL INFORMATION

A. There is no special charge for laboratory, music, or commercial courses.

B. Fees are \$10.00 per month if from a Mississippi county outside this district that supports a junior college, \$90.00 per semester for students from other Mississippi counties, and \$200.00 per semester for out-of-state students.

C. Vocational Students are classified as district students if they are from Mississippi Counties and as out-of-state students if not from Mississippi counties for pay purposes and the fees are the same as other students under these classifications.

D. If board is not paid on the appropriate days, as stated in the calendar, a one dollar administrative cost charge is assessed the student for late payment.

E. All fees are payable in advance on the date due as indicated in the "Board Calendar."

F. For registration on dates other than those listed on the college calendar there will be an additional charge of \$7.50.

G. All students who expect to register for fall semester as scheduled in bulletin must have completed admissions requirements by August 18. Students who have not registered as scheduled in the bulletin will be assessed a late registration fee.

H. Part time students will pay fees at the rate of \$12.00 per semester hour at the time they register.

I. Adults who are 65 years of age or older may attend East Central Junior College with matriculation fees waived.

J. East Central Junior College reserves the right to change any charges published if it should become necessary.

K. Cost for the 12 months Cosmetology Program is \$370.00, which includes books and cosmetology kit. Charges may be made the following way:

Full semester	\$135.00
Spring semester	\$135.00
Summer session	\$100.00

Room and Board are same as listed on opposite page.

REFUNDS

A. Any student withdrawing from college completely will be refunded any board money due him for the remainder of the board period at the rate of \$1.00 per day.

B. All additional board payments that have been made in advance.

C. Student remaining in college but withdrawing from the dormitory for a period of less than one full week (7 days) will receive no refund. If this period exceeds one week the student will be refunded at the above rate.

D. East Central Junior College charges a \$100.00 matriculation fee of all students. This fee is non refundable because it is for privileges and materials enjoyed and consumed regardless of students' continued school enrollment. The fee charges, as listed in item B, above will be refunded to veterans or other eligible persons receiving VA benefits on a pro-rata basis.

E. Students enrolled under the veteran's program should check with the Registrar before withdrawing from school.

SUMMER SCHOOL EXPENSES

Expenses for the summer are different from those during the regular session. They are announced in a special bulletin, a copy of which may be obtained on request from the Registrar of the college.

CHAPTER 4

ACADEMIC POLICIES**Requirements For Admission**

East Central Junior College ascribes to the "Open Door" policy and generally admits all students from the district who can profit from the instructional program. Specific admission policies are as follows:

I. To the academic or technical college credit programs.

A. **FULL TIME** — Full time students are admitted to the regular college program provided they have graduated from high school, have transferred from another college, have been issued a high school equivalency certificate or have presented to this institution a high school transcript showing fifteen acceptable academic units.

- (1) **HIGH SCHOOL GRADUATES** — Students graduating from a non-accredited high school will be placed upon entrance on academic probation for a full semester.

The student will be restored to full academic standing at the end of the semester if grades merit it; otherwise, he will be academically suspended.

- (2) **TRANSFER STUDENTS** — It is the policy of East Central Junior College to be as liberal as possible regarding transferees who have had difficulty and are not eligible for re-entrance at the last college attended. From written records and by personal contact with the appropriate authorities, an attempt is made to determine the nature of the student's problem. If the student's problem can be identified and if it is thought that the environment and study conditions at East Central will afford him an opportunity to correct the problem, an effort will be made to accept him. Usually one or more interviews with the student and a visit from his parents is necessary before he will be considered by the Admissions Committee—which is composed of the Registrar, the Dean of Academics, the Dean of Students, and the President. The committee decides on each case individually.

Any student transferring from any other college in anything but a complete standing is automatically placed on a nine-week probation and is dropped from the rolls if he does not do successful work in the first nine-week period he is here. In addition, other requirements such as compulsory attendance at all classes or any other restrictions that appear to be appropriate to the individual's case are imposed by the Admissions Committee.

- (3) **GENERAL EDUCATION DEVELOPMENT TEST**—Students who are not graduates of an accredited secondary school may be admitted on satisfactory scores made on the General Education Development Test. The students must present to the college a high school

equivalency certificate issued by the State Department of Education which will be accepted in lieu of high school graduation.

- (4) **FIFTEEN UNITS**—Students presenting only fifteen acceptable academic units must complete another approved unit during their freshman year.

B. **PART TIME**—Students of sufficient maturity who may or may not meet the above requirements may be provisionally admitted on a part time basis. If any admission deficiencies exist, they must be removed before the student exceeds thirty semester hours credit.

C. **ADMISSION PROCEDURE**—Before a student can be admitted to the Academic or Technical College Credit Program and fully classified, he must have on file with the Director of Admissions an application, a transcript of credit from the last school attended (or GED equivalency certificate), a photo, a health certificate, and a composite score on the American College Test of ten or more. Any questionable applications must be submitted to the Admissions Committee for final decision.

II. To the Vocational or Non-Credit Programs.

A. **VOCATIONAL** — Students are admitted provided that they have: (1) met the admission requirements to the Academic or Technical College-Credit Programs, or (2) demonstrated an interest and aptitude in the skilled trade area in which they desire to enroll and are eighteen years of age or older.

B. **ADMISSION PROCEDURE**—Before a student can be admitted to the Vocational or Non-Credit Programs and fully classified he must have on file with the Director of Admissions an application, a transcript of credits from all schools attended, a photo, and a health certificate.

Any questionable applications must be submitted to the Admissions Committee for final decisions.

ENROLLMENT PROVISIONS FOR STUDENTS WHO MAKE LESS THAN TEN ON AMERICAN COLLEGE TEST

Students who make less than 10 on the ACT and meets all other requirements for admission may be admitted with the following provisions:

1. Enter on Academic Probation during the first semester.
2. Enroll in Basic Mathematics and Basic English and successfully complete the courses.
3. Academic record meets the minimum standards of the college at the end of the first semester.

EARLY ENROLLMENT PROGRAM

East Central Junior College has an early enrollment program for high school students during the summer.

Students may enroll the summer following the eleventh grade and take courses

other than freshman English for college credit.

The following criteria has been established for this early enrollment program

1. All students must have completed junior year in High School.
2. All students must have a B average for previous high school work.
3. All students must have a composite score of 25 on ACT.
4. All students must make application for admission, complete student health form, and send a partial transcript from high school.
5. All students must attend a counseling session prior to enrollment in college.

BENEFITS FOR VETERANS

East Central Junior College is an approved institution for providing education training for veterans. The Registrar serves as Veterans Adviser and offers assistance in handling matters pertaining to veterans at the college.

SELECTIVE SERVICE

Information and assistance in handling matters concerning Selective Service for students are available in the office of the Registrar.

VETERANS PREVIOUS EDUCATION

This college maintains a written record of the previous education and training of each veteran enrolled and appropriate credit is given. When the training period has been shortened proportionately as a result of previous education and training the veterans or eligible person and the VA are so notified.

Credits earned in the armed forces will be granted in a manner and amount consistent with the requirements of the American Council of Education and the Mississippi Accrediting Commission. No credit will be granted on the college level General Education Development Test.

SOPHOMORE STATUS

Before a student can be classified as a sophomore, he must have earned a minimum of twenty-eight semester hours or its equivalent from an approved college which will apply toward graduation.

TESTING SERVICE

East Central Junior College is a fully participating institution in the American College Testing Program. The American College Test is given here on all nationally scheduled testing dates.

SCHOOL TERMS AND PERIODS

East Central operates on the semester system. There are two regular semesters which begin in August and in January. There is a ten weeks summer session divided into two terms beginning in May.

Lecture periods meet a minimum of fifty minutes. Laboratory periods are equivalent to two lecture periods. Semester hours of credit are granted on

number of lecture and-or laboratory periods the class meets per week for one regular semester.

NON DISCRIMINATION

East Central Junior College does not discriminate on the grounds of race, color or national origin and is in compliance with the Civil Rights Act of 1964.

GRADING SYSTEM

The college uses the grading system in general use in the colleges throughout the South.

99-100 Excellent
88-91 Good
74-87 Average
68-73 Poor
Failure

G — Withdrawal passing
H — Withdrawal failing
W — Administrative Withdrawal, no grade
R — Registered for audit
I — Incomplete, but can be made up

A progress report is made to the student at Mid-Term of each semester.

HONORS AND QUALITY POINTS

HONORS — Special recognition is given those students doing outstanding work in their academic subjects at the end of each grade period and at graduation. The honors are based on quality point averages.

Honors

Required
Quality Point Average

President's List	4.00
Honors List	3.50
Meritorious Mention	3.00

QUALITY POINTS — Quality points are based on the grade and number of hours earned for each and are computed as follows:

Quality Points

.....	4 for each semester hour
.....	3 for each semester hour
.....	2 for each semester hour
.....	1 for each semester hour
.....	0 for each semester hour
.....	0 for each semester hour

The last grade in each course attempted will be counted for quality point purposes.

ACADEMIC PROBATION

If a student fails to pass nine semester hours and earn eighteen quality points during a grading period, he is placed on Academic Probation until his academic record has improved sufficiently to meet this minimum standard. After two semesters in college he must pass twelve semester hours and earn twenty-four quality points during a grading period or he is placed on academic probation until his academic record has improved sufficiently to meet this minimum standard.

If a student persists on academic probation and shows little effort or interest

be used as activity cards during regular school session. Failure to show or surrender identification card when requested by any East Central Junior College official will result in disciplinary action.

DISMISSAL DUE TO UNSATISFACTORY CONDUCT

Upon enrollment each student is given a Student Handbook in which rules of conduct and major violations are listed in detail. Students disobeying the school conduct regulations are presented to the faculty discipline committee for action. Each violation is dealt with in the best interest of the students and school.

NON CREDIT COURSES

Non credit courses in the field of Adult Education are offered in the vocational business and other vocational programs when sufficient numbers warrant class offerings.

CHAPTER 5

CURRICULUMS

Curriculums for the fields of interest have been established with suggested courses listed for each semester.

UNIVERSITY PARALLEL PROGRAMS

The East Central Junior College transfer programs are designed for the student who wishes to complete two years of college work and continue toward an advanced degree. These suggested programs of study have been set up with extreme

BASIC COLLEGE CORE CURRICULUM

This core curriculum is designed for students who desire later to transfer with standing to one of the four-year colleges in Mississippi. Students should understand that different colleges and universities have their own requirements. Students should consult the latest catalog of the institution in which they are enrolled. The following core curriculum has been approved by all senior colleges in Mississippi and may be applied toward a degree without causing the specified number of hours required for the degree to be exceeded.

English Composition	6 semester hours
Literature	6 semester hours
History (6 hours must be in history)	12 semester hours
Science	6 semester hours
Mathematics 3-6 hours	6 semester hours
Fine Arts 3-6 hours	6 semester hours
	<hr/> 36 semester hours

These credits will be accepted hour for hour by Mississippi senior colleges and universities in satisfaction of requirements for B.A. or B.S. degree in all majors except the following:

Engineering credits will be accepted hour for hour by Mississippi senior colleges and universities in satisfaction of requirements for B.A. or B.S. degree in all majors except the following:

Engineering (the mathematics must be higher than algebra and trigonometry)

Pharmacy (the student should follow pre-pharmacy as outlined in

Music (requires only six hours of history)

Forestry (follow catalog from preferred senior college or university)

* Unless student has special approval, both semesters of history should be either World or American.

AGRICULTURE

CURRICULUM ONE:

The combination of courses in this curriculum is offered for men who are planning to be professional agriculture workers. Since Mississippi is largely a rural state, this curriculum has attracted many men over a period of several years. These men have become leaders in their fields as agricultural agents, teachers, and farmers. All students expecting to complete a four-year Agriculture Course in a senior college should select Curriculum One.

This college has a suggested curriculum for students who plan to major in forestry. Contact Academic Dean or Registrar for courses.

COMMERCE AND BUSINESS EDUCATION

The courses in this group should be elected by those students who wish (1) to become well trained office workers, (2) to gain valuable knowledge, or (3) to continue their education in schools of commerce and business administration.

The Business Education Department has turned out many people who have

secured and are now holding good office positions.

There is every reason why a young person contemplating entering business should get his foundation courses in a regular academic college where he has the advantage of courses in English, mathematics, and economics. The efficient secretary or stenographer must have a well-rounded education as well as a thorough knowledge of his field of specialization.

BUSINESS ADMINISTRATION: CURRICULUM TWO

MR. TRAPP, Advisor

Students should take this curriculum who plan to continue through a four-year college course in business administration or wish to get training for general business purposes.

This program may be followed by those who plan to teach in the business field. It

includes some of the general education courses required of all teachers and a sufficient number of business courses to allow proficiency in the field for those who may wish to work prior to the completion of the four-year program. Students planning to be business teachers may choose to take fewer business courses than are listed below and may enroll in Curriculum Five — Education instead of this curriculum.

EDUCATION

An education curriculum should be selected by those who are planning to teach. East Central Junior College offers the fundamental courses required for present certification requirements of the State Department of Education. For a student who plans to teach should familiarize himself with Bulletin No. 100 of the State Department of Education, TEACHER EDUCATION AND CERTIFICATION. The requirements include courses in General Education, Professional Education, and Specialized Education. It is suggested that those registering in one of the curriculums meet most of the requirements in this

Education during attendance at East Central Junior College. Those who plan to teach in high school should decide on their teaching field and take one of more courses in the field each semester. For example, those wanting to take mathematics or science should take as many courses as practical now of the courses offered in those departments. Students who plan to teach agriculture or economics, should register in Curriculum One or Nine. Those planning to teach business or music should consult the adviser of those curriculums and the adviser for advice in their courses.

requirements set up by the State Department of Education. Other electives may be selected from fields of special interests.

Below is a summary of the requirements set up in the State Department of Education Bulletin No. 130 and covers requirements that can be met here.

GENERAL EDUCATION

ENGLISH — 12 semester hours. This requirement can be met with English 1113, 2273, 2283, 2233, 2243.

FINE ARTS — 3 semester hours. This requirement can be met with Survey of Music 1113 or Art Appreciation 1113.

HEALTH AND PHYSICAL EDUCATION — 6 semester hours. This requirement can be met with Personal and Community Health 1213 and 4 semester hours of Physical Education.

SCIENCE — 12 semester hours. Six semester hours of a biological science are required and can be met with Biology 1133, 1143; Botany 1313, 1323; Zoology 2013, 2023. Six semester hours in physical science are required and can be met with Physical Science 2213, 2223; Chemistry 2313, 2323; or Physics 1214, 1224.

SOCIAL SCIENCE — 12 semester hours. Six semester hours are to be in either American History and/or World History. This requirement can be met with World History 1113, 1123 or American History 2213, 2223 or both.

Other courses at East Central Junior College that will meet this requirement are Geography 1113; Economics 1113; Government 1133, 1123; Sociology 1113; and General Psychology 1513.

SPEECH — 3 semester hours.

PROFESSIONAL EDUCATION

Courses available at East Central Junior College to meet the Professional Education requirements are:

ELEMENTARY EDUCATION — EPY 2533, Human Growth and Development

SECONDARY EDUCATION — EPY 2533, Human Growth and Development

SPECIALIZED EDUCATION

Most courses at East Central Junior College can be applied to the requirements in the several major fields of high school teaching such as English, Science, Mathematics, Social Science, Physical Education, Agriculture, Music and Industrial Education.

ENGINEERING

The Liberal Arts Curriculum will meet the pre-professional needs of many students planning some professional vocation. It may be selected by the pre-law student, by those planning a career in journalism, social work, or education. In addition to the above, students should elect this who do not know the occupations they want to follow, who come to college to secure the liberalizing value of education, who are planning to continue a similar program in a four year college, or whose interests cannot be met by another program. Electives should be chosen from a student's field of interest with the approval of his advisor.

MUSIC**MR. FICK, Advisor**

The work of the music department is organized to (1) give sound foundation work in music theory, (2) develop understanding and appreciation of the music and history of music, (3) develop techniques with the voice and music instrument.

The following suggested programs of studies lead to the degree of Bachelor of Music Education. This is the degree that should be sought by most people entering in music.

EXTENSION CENTER

may be organized in courses giving credit beyond junior college credit.
has served as an Extension Center for Mississippi State University and
of Southern Mississippi at various times in the past.

TERMINAL TECHNICAL PROGRAMS

The East Central Junior College non-transfer programs are designed for the student who wishes to extend his or her education by completing one of the two year programs or the One Year Business Program. An Associate in Arts degree will be awarded those students who satisfactorily complete the two year program recommended by the Advisory Committee for a given curriculum. Certificates will be awarded those students who satisfactorily complete the One Year Business Program.

The United States Department of Labor in a report on technicians who work with engineers and physical scientists use the term "technician" to describe a large and loosely defined group of occupations at many levels of skill and with a wide variety of training requirements. In general, technician jobs fall between those of the skilled craftsman and the professional engineer or scientist. The work is technical in nature but narrower in scope than that of the engineer or scientist and has a practical rather than a theoretical orientation. Frequently, technician jobs require use of complex electronic and mechanical instruments, experimental laboratory apparatus, drafting instruments, tools and machinery. Almost all technicians must be able to use engineering handbooks and computing devices such as the slide rule and calculating machines.

Technicians are utilized in virtually every activity where know-how is required. One of their largest and best known areas of employment is research, development, and design work.

VOCATIONAL PROGRAMS

The following East Central Junior College Vocational Programs are designed to prepare the student to learn a trade. A certificate is issued upon satisfactory completion of one of the programs. Many job opportunities are available to those who complete one of the programs. These programs are scheduled to meet six

hours a day, five days a week. Classroom activities in each vocation and related fields as well as actual laboratory experiences are given each student. See page for Cosmetology daily schedule in which they meet six hours and fifty minutes a day five days a week!

COSMETOLOGY

CURRICULUM TWENTY-FOUR

Voc. 1500 — 12 months Certificate Program
Regular Session and Summer Session

MRS. WILLIAMS, Advisor

There are numerous opportunities for licensed cosmetologists in working for beauty shop owners as well as installing your own shop and working for yourself. This course, which is designed for cosmetologists and hair dressers, has been approved by the Mississippi State Board of Cosmetology, by the State Department of Education, Vocational Division and the Mississippi Junior College Commission. Instruction is given in classroom theory, skill training in the laboratory as well as special assignments by the instructor. A student may enroll at the beginning of the Fall, Spring, or Summer Session provided that an opening is available.

AUTO MECHANICS

CURRICULUM TWENTY-FIVE

Instruction and practice in Machine Shop to include the following areas: precision measuring instruments, tools and materials, heating treating work, drilling machines, milling machines, lathes and shapers, jig, fixture and grinding machines, abrasive and cutting fluids. Ten CEU.

OFF CAMPUS COURSES

Regular college courses are offered off campus at various locations in the college district including Forest, Philadelphia, Louisville, and Carthage. The same instructional standards are maintained and the same tuition and fees are stated in catalogue for on campus courses.

EDUCATIONAL TELEVISION COURSES

Courses offered for credit by East Central Junior College on Educational Television will be supervised by the regular instructional staff. Tuition will be the same as regular course charge (\$12.00 per semester hour) except that \$10.00 per course will be collected and remitted to the E.T.V. authority.

ADVANCED STANDING — HONORS PROGRAM

The college has recently initiated an Honors Program for high achieving students. The first honors course is English Composition. Seniors who have an interest in attending East Central by having their ACT Scores sent to the college will be screened on the basis of those scores. Students with a composite score on the ACT of 25 or more and with a standard English score of 25 or more are invited for an interview.

Those students qualifying (maximum of 15) are given advanced standing for ENG 1113 and participate in a special seminar in the restructured English program. Additional honors courses will be added later.

CHAPTER 2

GENERAL INFORMATION

Purpose of the College

Throughout its more than forty years of existence, East Central Junior College has been closely identified with the basic educational needs of the five counties comprising its district. Through curricular and extra curricular activities, the governing board, administration and faculty conceive the purpose to be to provide opportunities for mental development, physical and spiritual growth, economic independence, and to encourage cultural understanding, aesthetic appreciation, effective speech, and logical thinking.

East Central Junior College is dedicated to developing the abilities and meeting the needs of both youth and adults in the district which it was established to serve. In order, therefore, to achieve these educational objectives, the college seeks to provide curricula which include areas of guidance, general education, senior college or university parallel training, vocational and technical education, continuing education, and community services. The college seeks further to provide guidance and leadership for educational experiences on the campus, in the student center, in assemblies, in social events, and in other situations of daily living in which the student is involved.

HISTORY OF THE COLLEGE

In 1928 the Legislature of the State of Mississippi adopted the first basic laws for the organization and operation of the Mississippi public junior college. East Central Junior College opened its doors to a freshman class of twenty students for the first regular session in September of 1928. The college occupied buildings that were a part of the Newton County Agricultural High School, which had been organized in 1914. The Agricultural High School was located on property belonging to the Decatur Municipal School District, which had been created in 1919. The upper high school grades which comprised the Newton County Agricultural High School were a part of the college until 1958 when they joined the Decatur Attendance Center.

In March of 1939, East Central Junior College became a member of The Southern Association of Colleges and Secondary Schools. It now holds membership in The American Association of Junior Colleges, The Southern Association of Colleges and Schools, The Mississippi College Association, and The Mississippi Junior College Association.

In the beginning there was only one curriculum — Liberal Arts. A look at the program of studies will show that the college now offers twenty-seven programs of study, including vocational education, a one-year intensified business curriculum, and technical programs. These expanded course offerings are a far cry from the original Liberal Arts curriculum composed of English, history, Spanish, chemistry, and mathematics.

The above dates are for convenience only.

Cosmetology students see "K" under General Information.

GENERAL INFORMATION

A. There is no special charge for laboratory, music, or commercial courses for fulltime students.

B. Fees are \$10.00 per month if from a Mississippi county outside this district that supports a junior college, \$90.00 per semester for students from other Mississippi counties, and \$200.00 per semester for out-of-state students.

C. Vocational Students are classified as district students if they are from Mississippi Counties and as out-of-state students if not from Mississippi counties for pay purposes and the fees are the same as other students under these classifications.

D. If board is not paid on the appropriate days, as stated in the calendar, a two dollar administrative cost charge is assessed the student for late payment.

E. All fees are payable in advance on the date due as indicated in the "Board Calendar."

F. For registration on dates other than those listed on the college calendar there will be an additional charge of \$10.00.

G. All students who expect to register for fall semester as scheduled in bulletin must have completed admissions requirements by August 20. Students who have not registered as scheduled in the bulletin will be assessed a late registration fee.

H. Part-time students will pay fees at the rate of \$15.00 per semester hour at the time they register.

I. Adults who are 65 years of age or older may attend East Central Junior College with matriculation fees waived.

J. East Central Junior College reserves the right to change any charges published if it should become necessary.

K. Cost for the 12 months Cosmetology Program is \$415.00, which includes books and cosmetology kit. Charges may be made the following way:

Fall Semester	\$150.00
Spring Semester	\$150.00
Summer Session	\$115.00

Room and Board are same as listed on opposite page.

REFUNDS

Any student withdrawing from college completely will be refunded any board payment due him for the remainder of the board period at the rate of \$1.15 per day and all additional board payments that have been made in advance.

A student remaining in college but withdrawing from the dormitory for a period of less than one full week (7 days) will receive no refund. If this period exceeds one week the student will be refunded at the above rate.

East Central Junior College charges a \$115.00 matriculation fee of all students. This fee is non-refundable because it is for privileges and materials enjoyed and consumed regardless of student's continued school enrollment. The fee charges, above will be refunded to veterans or other eligible persons receiving VA benefits on a pro-rata basis.

Students enrolled under the veteran's program should check with the Registrar before withdrawing from school.

SUMMER SCHOOL EXPENSES

Expenses for the summer are different from those during the regular session. They are announced in a special bulletin, a copy of which may be obtained on request from the Registrar of the college.

EDUCATION

This curriculum should be selected by those who are planning to teach. East Central Junior College offers the fundamental courses required in the education requirements of the State Department of Education. Every student who plans to teach should familiarize himself with Bulletin No. 130 of the State Department of Education, TEACHER EDUCATION AND CERTIFICATION. The requirements include courses in General Education, Education and Specialized Education. It is suggested that those who plan to teach should meet most of the requirements in General Education at East Central Junior College. Those who plan to teach should decide on their teaching field and take one or more courses in each semester. For example, those wanting to take education should take as many courses as practical now of the education department. Students who plan to teach agriculture or business should register in Curriculum One or Nine. Those planning to teach should consult the advisor of those curriculums and the advisor of this curriculum.

3. PREVIOUS EDUCATION AND TRAINING RECORDS:

The school maintains permanent record showing previous education and training. Enrollment certificates submitted to VA reflect proper credit for previous education and training in accordance with the policies of the college.

4. PROGRESS RECORDS:

In the academic and technical program, the school records show grades of A, B, C, D, F, G (withdrawal passing), H (withdrawal failing), W (administrative withdrawal, no grade), I (incomplete — grade which is temporary and is changed to a grade of A, B, C, D, or F on completion and is used in the overall grade point average of the student).

The State Veterans Affairs Approving Agency requires that grades of W, G, H and I be considered as F's in computing grade point averages. This procedure is followed in all reports to the Veterans Administration concerning the student's status. Course changing is not allowed after the first week of classes. Any time a student quits a course without officially withdrawing, a final grade of "F" will be recorded. The VA will be promptly notified when a veteran or other eligible person drawing VA benefits course load changes.

Veterans who are attending East Central Junior College in the Academic and Technical programs, must pass a certain number of hours each semester, the same as regular students to remain in good standing. A first year freshman must pass nine semester hours and earn eighteen quality points to remain in good standing. A second year college student must pass twelve semester hours and earn twenty-four quality points. Quality points are assigned per semester hour the following way: A — 4 quality points; B — 3 quality points, C — 2 quality points, D — 1 quality point and F — 0 quality points.

The State Veterans Affairs Approving Agency will allow one semester of probation of less than a 2.00 cumulative point average. The veteran or other eligible persons will not receive veteran assistance for any semester following the probation period unless the 2.00 cumulative grade point average is regained and maintained. To be readmitted under V.A. status a veteran must first regain a 2.00 cumulative grade point average. This is not to be confused with East Central Junior College's probation and suspension policy which would also affect the veteran. Under this policy, it may be possible that the veteran would meet school regulations to remain in school, but would not meet the Veterans Affairs Approving Agency's requirements to receive veterans assistance.

Our probation policy is clearly stated in our college catalog under ACADEMIC PROBATION.

5. ATTENDANCE RECORDS:

East Central Junior College maintains schedule cards and permanent record cards. Absences are kept on the student's schedule card. The last date of attendance is also reflected on this card when one drops a course. The number of absences in any particular course is placed on the final Grade Report and also in the teachers grade book which is turned in at the end of the term and is filed in the Registrar's office. An individual is allowed absences per semester equal to the times a class meets per week. Any unexcused absences after that penalizes the student's final grade. Total absences for any reason may not exceed 20 percent of the class meetings. If this happens in a course, the student will be recorded a final grade of F. This policy is given in detail in our college catalogue.

6. REPORTS TO THE VETERANS ADMINISTRATION:

Any change in status from the last certification to the Veterans Administration will be reported promptly to the V.A. Reports of unsatisfactory progress, drop or withdrawals will be made to the Veterans Administration within 30 days.

E. C. J. C. LIBRARY

An aerial photograph of the East Central Junior College campus. The image shows several large, rectangular academic buildings with flat roofs, interspersed with green lawns and clusters of trees. A prominent baseball field with a reddish-brown infield is visible in the upper right. In the background, a blue body of water, likely a lake or reservoir, is surrounded by more trees. The overall scene depicts a well-maintained educational facility.

CHAPTER 2

GENERAL INFORMATION

Purpose of the College

Throughout its more than forty years of existence, East Central Junior College has been closely identified with the basic educational needs of the five counties comprising its district. Through curricular and extra curricular activities, the governing board, administration and faculty conceive the purpose to be to provide opportunities for mental development, physical and spiritual growth, economic independence, and to encourage cultural understanding, aesthetic appreciation, effective speech, and logical thinking.

East Central Junior College is dedicated to developing the abilities and meeting the needs of both youth and adults in the district which it was established to serve. In order, therefore, to achieve these educational objectives, the college seeks to develop curricula which include areas of guidance, general education, senior high or university parallel training, vocational and technical education, continuing education, and community services. The college seeks further to provide guidance and leadership for educational experiences on the campus, in the student center, in assemblies, in social events, and in other situations of daily life in which the student is involved.

HISTORY OF THE COLLEGE

The Legislature of the State of Mississippi adopted the first basic laws for the establishment and operation of the Mississippi public junior college. East Central Junior College opened its doors to a freshman class of twenty students for the first session in September of 1928. The college occupied buildings that had been part of the Newton County Agricultural High School, which had been established in 1914. The Agricultural High School was located on property that had been part of the Newton County Municipal School District, which had been created in 1914. The high school grades which comprised the Newton County Agricultural High School were a part of the college until 1958 when they joined the Student Center.

In 1949, East Central Junior College became a member of The Association of Colleges and Secondary Schools. It now holds membership in The American Association of Junior Colleges, The Southern Association of Colleges and Schools, The Mississippi College Association, and The Junior College Association.

There was only one curriculum — Liberal Arts. A look at the records will show that the college now offers thirty-two programs including vocational education, a one-year intensified business administration program. These expanded course offerings are a far departure from the original Liberal Arts curriculum composed of English, History, Mathematics, and Mathematics.

Cosmetology students see "K" under General Information.

GENERAL INFORMATION

A. There is no special charge for laboratory, music, or commercial courses for fulltime students.

B. Fees are \$10.00 per month if from a Mississippi county outside this district that supports a junior college, \$90.00 per semester for students from other Mississippi counties, and \$200.00 per semester for out-of-state students.

C. Vocational Students are classified as district students if they are from Mississippi counties and as out-of-state students if not from Mississippi counties for pay purposes and the fees are the same as other students under these classifications.

D. If board is not paid on the appropriate days, as stated in the calendar, a two dollar administrative cost charge is assessed the student for late payment.

E. All fees are payable in advance on the date due as indicated in the "Board Calendar."

F. For registration on dates other than those listed on the college calendar there will be an additional charge of \$10.00.

G. All students who expect to register for fall semester as scheduled in bulletin must have completed admissions requirements by August 19. Students who have not registered as scheduled in the bulletin will be assessed a late registration fee.

H. Part-time students will pay fees at the rate of \$15.00 per semester hour at the time they register not to exceed \$120.00.

I. Adults who are 65 years of age or older may attend East Central Junior College with matriculation fees waived.

J. East Central Junior College reserves the right to change any charges published if it should become necessary.

K. Cost for the 12 months Cosmetology Program is \$445.00 which includes books and cosmetology kit. Charges may be made the following way:

Fall Semester	\$160.00
Spring Semester	\$160.00
Summer Session	\$125.00

Room and Board are same as listed on opposite page.

REFUNDS

Any student withdrawing from college completely will be refunded any board payment due him for the remainder of the board period at the rate of \$1.25 per day and all additional board payments that have been made in advance.

A student remaining in college but withdrawing from the dormitory for a period of less than one full week (7 days) will receive no refund. If this period exceeds one week the student will be refunded at the above rate.

East Central Junior College charges a \$120.00 matriculation fee of all students. This fee is non-refundable because it is for privileges and materials enjoyed and consumed regardless of student's continued school enrollment. The fee charges, above will be refunded to veterans or other eligible persons receiving VA benefits on a pro-rata basis.

Students enrolled under the veteran's program must check with the Registrar before withdrawing from school.

SUMMER SCHOOL EXPENSES

Expenses for the summer are different from those during the regular session. They are announced in a special bulletin, a copy of which may be obtained on request from the Registrar of the college.

CHAPTER 5

PROGRAMS OF STUDY

Suggested programs of study in many fields of interest have been established with recommended courses for each semester.

UNIVERSITY PARALLEL PROGRAMS

The East Central Junior College transfer programs are designed for the student who wishes to complete two years of college work and continue toward a Baccalaureate degree. These suggested programs of study have been set up with extreme care.

BASIC COLLEGE CORE CURRICULUM

This core curriculum is designed for students who desire later to transfer at junior standing to one of the four-year colleges in Mississippi. Students should understand that different colleges and universities have their own requirements and students should consult the latest catalog of the institution in which they are interested. The following core curriculum has been approved by all state colleges in Mississippi and may be applied toward a degree without causing a specified number of hours required for the degree to be exceeded.

English Composition	6 semester hours
Literature	6 semester hours
Social Science (6 hours must be in history)	12 semester hours
Science	6 semester hours
Mathematics 3-6 hours	
Fine Arts 0-3	

6 semester hours
36 semester hours

These credits will be accepted hour for hour by Mississippi senior colleges and universities in satisfaction of requirements for B.A. or B.S. degree in all fields except the following:

Pre-engineering (the mathematics must be higher than algebra and trigonometry)

Pre-pharmacy (the student should follow pre-pharmacy as outlined in catalog)

Music (requires only six hours of history)

Unless student has special approval, both semesters of history should be World or American.

AGRICULTURE

CURRICULUM ONE

The combination of courses in this curriculum is offered for students who

planning to be professional agriculture workers. All students expecting to complete a four-year Agricultural Course in a senior college should select Curriculum One.

OFF CAMPUS COURSES

Regular college courses are offered off campus at various locations in the college district including Forest, Philadelphia, Louisville, and Carthage. The same instructional standards are maintained and the same tuition and fees apply as stated in catalogue for on campus courses.

EDUCATIONAL TELEVISION COURSES

Courses offered for credit by East Central Junior College on Educational Television will be supervised by the regular instructional staff. Tuition charges will be the same as regular course charge (\$12.00 per semester hour) except that \$10.00 per course will be collected and remitted to the E.T.V. authority.

CONTINUING EDUCATION

Continuing education courses are offered in areas of skill development, skill upgrading, and personal interest where traditional courses do not meet the needs. Classes are organized on demand. When interest is expressed and it is determined that 15 or more people desire instruction, a class can usually be organized. Those completing such courses establish continuing education units (one CEU per clock hours of instruction). In addition to the establishment of CEU credit the college grants individual certificates of completion for the courses.

Such courses not already included in the catalogue will be added in the form of addenda as they are developed.

CHAPTER 2

GENERAL INFORMATION

Purpose of the College

Throughout its more than fifty years of existence, East Central Junior College has been closely identified with the basic educational needs of the five counties comprising its district. Through curricular and extra curricular activities, the governing board, administration and faculty conceive the purpose to be to provide opportunities for mental development, physical and spiritual growth, economic independence, and to encourage cultural understanding, aesthetic appreciation, effective speech, and logical thinking.

East Central Junior College is dedicated to developing the abilities and meeting the needs of both youth and adults in the district which it was established to serve. In order, therefore, to achieve these educational objectives, the college seeks to provide curricula which include areas of guidance, general education, senior college or university parallel training, vocational and technical education, continuing education, and community services. The college seeks further to provide guidance and leadership for educational experiences on the campus, in the student center, in assemblies, in social events, and in other situations of daily living in which the student is involved.

HISTORY OF THE COLLEGE

In 1928 the Legislature of the State of Mississippi adopted the first basic laws for the organization and operation of the Mississippi public junior college. East Central Junior College opened its doors to a freshman class of twenty students for the first regular session in September of 1928. The college occupied buildings that were a part of the Newton County Agricultural High School, which had been organized in 1914. The Agricultural High School was located on property belonging to the Decatur Municipal School District, which had been created in 1912. The upper high school grades which comprised the Newton County Agricultural High School were a part of the college until 1958 when they joined the Decatur Attendance Center.

In March of 1939, East Central Junior College became a member of The Southern Association of Colleges and Secondary Schools. It now holds membership in The American Association of Junior Colleges, The Southern Association of Colleges and Schools, The Mississippi College Association, and The Mississippi Junior College Association.

In the beginning there was only one curriculum—Liberal Arts. A look at the program of studies will show that the college now offers thirty-two programs of study, including vocational education, a one-year intensified business curriculum, and technical programs. These expanded course offerings are a far cry from the original Liberal Arts curriculum composed of English, History, Spanish, Chemistry, and Mathematics.

GENERAL INFORMATION

A. There is no special charge for laboratory, music, or commercial courses for fulltime students.

B. Fees are \$10.00 per month if from a Mississippi county outside this district that supports a junior college, \$90.00 per semester for students from other Mississippi counties, and \$200.00 per semester for out-of-state students.

C. Vocational Students are classified as district students if they are from Mississippi counties and as out-of-state students if not from Mississippi counties for pay purposes and the fees are the same as other students under these classifications.

D. If board is not paid on the appropriate days, as stated in the calendar, a two dollar administrative cost charge is assessed the student for late payment.

E. All fees are payable in advance on the date due as indicated in the "Board Calendar."

F. For registration on dates other than those listed on the college calendar there will be an additional charge of \$10.00.

G. All students who expect to register for fall semester as scheduled in bulletin must have completed admission requirements by August 25. Students who have not registered as scheduled in the bulletin will be assessed a late registration fee.

H. Part time students will pay fees at the rate of \$15.00 per semester hour at the time they register not to exceed \$140.00.

I. Adults who are 65 years of age or older may attend East Central Junior College with matriculation fees waived.

J. East Central Junior College reserves the right to change any charges published if it should become necessary.

K. Cost for the 12 months Cosmetology Program is \$500.00 which includes books and cosmetology kit. Charges may be made the following way:

Fall Semester	\$175.00
Spring Semester	\$175.00
Summer Session	\$150.00

Room and Board are same as listed on opposite page.

REFUNDS

Any student withdrawing from college completely will be refunded any board payment due him for the remainder of the board period at the rate of \$1.35 per day for additional board payments that have been made in advance.

Student remaining in college but withdrawing from the dormitory for a period less than one full week (7 days) will receive no refund. If this period exceeds one week the student will be refunded at the above rate.

East Central Junior College charges a \$140.00 matriculation fee of all students. This fee is non refundable because it is for privileges and materials enjoyed and is not returned regardless of student's continued school enrollment. The fee charges, however, will be refunded to veterans or other eligible persons receiving VA benefits on a prorata basis.

Students enrolled under the veteran's program must check with the Registrar when withdrawing from school.

SUMMER SCHOOL EXPENSES

Expenses for the summer are different from those during the regular session. They are announced in a special bulletin, a copy of which may be obtained on request from the Registrar of the college.

TESTING SERVICE

East Central Junior College is a fully participating institution in the American College Testing Program. The American College Test is given here on all national scheduled testing dates.

SCHOOL TERMS AND PERIODS

East Central operates on the semester system. There are two regular semesters which begin in August and in January. There is a 10 weeks summer session divided into two terms beginning in May.

Lecture periods meet a minimum of 50 minutes. Laboratory periods are equivalent to two lecture periods. Semester hours of credit are granted on the number of lecture and-or laboratory periods the class meets per week for one regular semester.

NON DISCRIMINATION

East Central Junior College does not discriminate on the grounds of race, color or national origin and is in compliance with the Civil Rights Act of 1964.

It is the policy of East Central Junior College not to discriminate on the basis of sex in admission to any program, in the operation of its educational programs, its activities or its employment policies as required by Title IX of the 1972 Education Amendments. Inquiries regarding compliance with Title IX may be directed to Dean of Academics, or Dean of Students, at East Central Junior College, Decatur, Miss. 39327, telephone 601-635-2126, or to the Director of the Office of Civil Rights, Department of Health, Education and Welfare, Washington, D.C.

GRADING SYSTEM

The College uses the grading system in general use in the colleges throughout the South.

- A — 92-100 Excellent
- B — 83-91 Good
- C — 74-82 Average
- D — 65-73 Poor
- F — Failure
- G — Withdrawal passing
- H — Withdrawal failing
- W — Administrative Withdrawal, no grade
- R — Registered for audit
- I — Incomplete, but can be made up

A progress report is made to the student at Mid-Term of each semester.

HONORS AND QUALITY POINTS

HONORS—Special recognition is given those students doing outstanding work in their academic subjects at the end of each grade period and at graduation. Honors are based on quality point averages.

Honors

- President's List
- Dean's List
- Honorable Mention

QUALITY POINTS—Quality points are based on the grade and number of semester hours of credit for each and are computed as follows:

Grades	Quality Points
A	4 for each semester hour
B	3 for each semester hour
C	2 for each semester hour
D	1 for each semester hour
F	0 for each semester hour
H	0 for each semester hour

The last grade in each course attempted will be counted for quality point purposes.

ADVANCED STANDING—HONORS PROGRAM

The college has recently initiated an Honors Program for high achieving students. The first honors course is English Composition. Seniors who indicate an interest in attending East Central by having their ACT Scores sent will be screened on the basis of those scores. Students with a composite standard score on the ACT of 25 or more and with a standard English score of 25 or more are invited for an interview.

Those students qualifying (maximum of 15) are given advanced standing credit for ENG 1113 and participate in a special seminar in the restructured ENG 1113.

ACADEMIC PROBATION

If a first year student fails to pass nine semester hours and earn 18 quality points during a grading period, he is placed on Academic Probation until his academic record has improved sufficiently to meet this minimum standard. After two semesters in college he must pass 12 semester hours and earn 24 quality points during a grading period or he is placed on academic probation until his academic record has improved sufficiently to meet his minimum standard.

When a student persists on academic probation and shows little effort or interest in improving his scholastic standing, he may be recommended for removal by the Academic Probation Committee at any time.

If he fails to meet the minimum requirements for two consecutive semesters, he is required to drop out of school for one regular semester before he is eligible for readmission. If the academic suspension comes at the end of the spring semester, the deficiency may be removed by attending summer school. By earning a minimum of 12 semester hours with 24 quality points, he will be eligible for readmission in the fall semester. Otherwise, this summer does not constitute a regular semester. Deviation from this policy will be made only with the approval of the Academic Probation Committee.

This above policy will also apply to all transfer students.

PROBATION AND SUSPENSION

Vocational

Time vocational students do not earn semester hours or quality points at East Central Junior College. The courses are full-time, non-credit and post-secondary. Students are graded according to progress with letter grades A, B, C, indicating satisfactory progress toward certificate of proficiency. The grades are interpreted as excellent work—A; good work—B; average work—C; and poor but passing work—D.

Grade is used only to indicate work missed due to excusable reasons and make up. The grade indicates unsatisfactory progress in the course.

On the accumulation of two semesters of failing grades, the vocational student will be suspended from the college for the next scheduled semester of the

Other courses at East Central Junior College that will meet this requirement are Geography 1113; Government 1133, 1123; Sociology 2113; and General Psychology 1513.

SPEECH—3 semester hours.

PROFESSIONAL EDUCATION

Courses available at East Central Junior College to meet the Professional Education requirements are:

EPY 2513 and 2523, Human Growth and Development

EDU 1613, Introduction to Education

SPECIALIZED EDUCATION

Most courses at East Central Junior College can be applied to the requirements in the several major fields of high school teaching such as English, Science, Mathematics, Social Science, Physical Education, Agriculture, Music and Industrial Education.

Liberal Arts Curriculum will meet the pre-professional needs of many students who are planning some professional vocation. It may be selected by the pre-law students, pre-ministerial, by those planning a career in journalism, social work and others. In addition to the above, students who come to college to secure the general and liberalizing value of education, who are planning to continue a similar curriculum in a four year college, or whose interests cannot be met by another curriculum usually select this curriculum. Electives should be chosen from a student's field of interest with the approval of his or her advisor.

TERMINAL TECHNICAL PROGRAMS

The East Central Junior College non-transfer programs are designed for the student who wishes to extend his or her education by completing one of the two year programs of the Intensive Business Program. An Associate in Arts degree will be awarded those students who satisfactorily complete the two year programs recommended by the Advisory Committee for a given curriculum. Certificates will be awarded those students who satisfactorily complete the Intensive Business Program.

The United States Department of Labor in a report on technicians who work with engineers and physical scientists use the term "technician" to describe a large and loosely defined group of occupations at many levels of skill and with a wide variety of training requirements. In general, technician jobs fall between those of the skilled drafters and the professional engineer or scientist. The work is technical in nature but narrower in scope than that of the engineer or scientist and has a practical rather than a theoretical orientation. Frequently, technician and

technicians must be able to use engineering handbooks and computing devices such as the slide rule and calculating machines.

Technicians are utilized in virtually every activity where know-how is required. One of their largest and best known areas of employment is research, development, and design work.

Ten CEU.

OFF CAMPUS COURSES

Regular college courses are offered off campus at various locations in the college district including Forest, Philadelphia, Louisville, and Carthage. The same instructional standards are maintained and the same tuition and fees apply as stated in catalogue for on campus courses.

EDUCATIONAL TELEVISION COURSES

Courses offered for credit by East Central Junior College on Educational Television will be supervised by the regular instructional staff. Tuition charges will be the same as regular course charge (\$12.00 per semester hour) except that \$10.00 per course will be collected and remitted to the E.T.V. authority.

CONTINUING EDUCATION

Continuing education courses are offered in areas of skill development, skill upgrading, and personal interest where traditional courses do not meet the needs. Classes are organized on demand. When interest is expressed and it is determined that 15 or more people desire instruction, a class can usually be organized. Those completing such courses establish continuing education units (one CEU per clock hours of instruction). In addition to the establishment of CEU credit the college grants individual certificates of completion for the courses.

Such courses not already included in the catalogue will be added in the form of addenda as they are developed.

EDUCATIONAL TELEVISION COURSES

Courses offered for credit by East Central Junior College on Educational Television will be supervised by the regular instructional staff. Tuition charges will be the same as regular course charge (\$12.00 per semester hour) except that \$10.00 per course will be collected and remitted to the E.T.V. authority.

CONTINUING EDUCATION

Continuing education courses are offered in areas of skill development, skill upgrading, and personal interest where traditional courses do not meet the needs. Classes are organized on demand. When interest is expressed and it is determined that 15 or more people desire instruction, a class can usually be organized. Those completing such courses establish continuing education units (one CEU per clock hours of instruction). In addition to the establishment of CEU credit the college grants individual certificates of completion for the courses.

Such courses not already included in the catalogue will be added in the form of addenda as they are developed.

ART 110—BEGINNING PAINTING—A studio course designed for beginners pertaining to the use and knowledge of various painting mediums as well as decorative crafts. 3 CEU's credit.

ART 210—BEGINNING CERAMICS—A studio course designed for the beginner pertaining to the use and knowledge of various clays in hand building three dimensional art objects. An application of ceramic glazes and firing procedures will also be included. 3 CEU's credit.
